PROFILE
JOHANNES MOTSEMME

PERSONAL DETAILS

Name	Johannes
Surname	Motsemme
Gender	Male
Nationality	South African
Equity	African
Languages	English,Sesotho,isiZulu,Setswana
Driver's License	No
Residential Area	Kaalfontein, Midrand 1632
Areas available for Employment	Johannesburg & Vaal

PERSONAL PROFILE

An innovative and results-driven BSc Computer Science & Electronics graduate who obtained practical, hands-on experience through academic and independent projects. Exposure includes building Java-based applications using JavaFX, implementing database connectivity with JDBC, and working with SQL and relational database concepts for secure and efficient data handling.

Experience also includes developing interactive front-end features using HTML, CSS, and JavaScript. Known for a structured, practical approach, strong problem-solving ability, and a readiness to grow in a junior software development role.

Keen to contribute to meaningful software solutions while developing stronger engineering discipline and industry best practices

MIE ASSESSMENTS

The IKM TechChek Problem Solving A and Problem-Solving B

These assessments are critical tools for evaluating the cognitive agility and analytical reasoning essential in today's software development environments.

Tailored to measure fundamental problem-solving abilities such as logical deduction, numerical fluency, pattern recognition, and attention to detail, these assessments help identify candidates with the mental acuity necessary to navigate complex coding challenges and fast-paced development cycles.

While each version presents a unique set of scenarios, both are structured to deliver complementary insights, offering a balanced view of a candidate's aptitude.

Below is a breakdown of the core skill areas assessed:

Equations and Spatial Relations	Test knowledge of graph lines and points; reading and comprehending data charts; finding the area and perimeter of geometric figures; and solving for variables.
Emphasizing Details	Measures focus and awareness through questions that require quick responses. This includes image and text comparison.
Sequencing and Patterns	Assesses ability to recognize patterns and properly identify sequences. This includes measuring logical reasoning with number series.
Using Arithmetic	Tests ability to use inductive and deductive reasoning in resolving numerical problems. This includes solving everyday mathematical problems, rounding exercises, and simplifying expressions.

Results: IKM TechChek Problem Solving A Overall Score 71%
IKM TechChek Problem Solving B Overall Score 67%

Java SE7

The IKM TechChek Java SE7 assessment is a dynamic, adaptive evaluation tool designed to measure practical Java SE8 proficiency. It covers essential and advanced concepts relevant to real-world development tasks.

Below is a breakdown of the core skill areas assessed:

Java Memory Management	Garbage collection, memory allocation, object lifecycle
Java I/O	File handling, streams, data input/output
Java Program Construction	Code structure, modularity, interfaces
Assignment	Value assignment, type conversion, expressions
Java Classes	Class structure, inheritance, inner classes
Internationalization	Localization, resource bundles, formatting
Declarations	Variables, data types, initialization
Flow Control	Conditionals, loops, logical branching
Exception Handling	Error catching, exception types, flow recovery
Access Modifiers	Visibility control, encapsulation
Compilation and Deployment	Build tools, JARs, classpaths
Strings, Formatting and Parsing	String manipulation, formatting, parsing
Object Orientation in Java	Encapsulation, polymorphism, abstraction
Operators	Arithmetic, logical, relational, bitwise
Generics and Collections	Lists, maps, sets, type safety
Class and Interface Usage	Interfaces, abstract classes, design patterns
Concurrency	Threads, synchronization, concurrent utilities

Results: IKM JAVASE7 Overall Score

COURSES & CERTIFICATIONS : Mecer Inter-Ed.

Mecer Inter-Ed	Work Readiness - Soft Skills - Effective Time Management - Decision Making and Critical Thinking - Professional at the Workplace - Business Etiquette and Professionalism	02 February – 06 February 2026
Mecer Inter-Ed	Introduction To Programming	09 February – 20 February 2026
Mecer Inter-Ed	Programming in HTML with JavaScript and CSS3	23 February to 06 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Fundamentals [OCA]	09 March to 27 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Programmer Advanced [OCP]	30 March to 24 April 2026
Mecer Inter-Ed	Introduction to Enterprise	27 April to 08May 2026
Mecer Inter-Ed	DevOps Fundamentals	11 May to 15 May 2026
Mecer Inter-Ed	CompTIA Cyber Security	18 May to 22 May 2026
Mecer Inter-Ed	AI Fundamentals - **Exam (%)**	25 May to 29 May 2026
Mecer Inter-Ed	System Project	08 June to 10 July 2026

TERTIARY EDUCATION

Institution	**North-West University**
Qualification	BSc in Computer Sciences and Electronics
Dates	01/02/2020 – 01/12/2023
Key Projects	**PROJECT 1** Part of the development team for a clinic management system, where we used JavaFX to design an elegant and user-friendly interface. My primary focus was on Java Database Connectivity (JDBC), implementing database connections between the user interface and the backend. I worked with SQL commands and relational database concepts to design and implement the database schema, ensuring efficient data storage, integrity, and retrieval. **PROJECT 2** Frontend development of a sliding block puzzle game by designing and styling the user interface using HTML and CSS, and implementing selected client-side JavaScript logic to handle user interactions, button functionality, and block movement. My role was limited to frontend development and excluded server-side implementation and deployment.

SECONDARY EDUCATION

High School	**Beverly Hills High School**
School City	Vereeniging
Year of Matriculation	2018
Subjects	English FAL,Sesotho,Mathematics,Physical Sciences,Life Sciences,Geography,Tourism,Life Orientation
